Numéro thématique - Les territoires du vieillissement

Ce numéro de "Lien social et Politiques" fait suite au colloque "Les territoires du vieillissement : dialogues interdisciplinaires et regards transatlantiques" organisé par l'équipe VIES, le CREGÉS et le CeRIES dans le cadre de l'ACFAS 2016. Le numéro se propose d'avancer dans l'exploration des territoires du vieillissement à travers un ensemble de textes organisés en trois parties : les territoires de l'action publique, des interventions professionnelles et de vie des aînés.

Pratiques de pointe / Leading Practices

Les thématiques suivantes font l'objet d'une surveillance particulière visant à alimenter la réflexion des équipes des pratiques de pointe du CAU en gérontologie sociale œuvrant auprès ou avec des personnes âgées.

Les publications des **membres réguliers** et des membres collaborateurs du CREGÉS qui ont été signalées précédemment seront répétées dans les prochaines sections.

We monitor the scientific literature related to the following leading practices in order to support the CAU's social gerontology teams working with or for older adults.

The publications of CREGÉS **full** and associate members that were previously reported will be repeated in the next sections.

Maltraitance des personnes âgées, âgisme / Mistreatment of Olders Adults, Ageism

Articles portant sur la maltraitance touchant les personnes âgées, quelle que soit sa forme (violence ou négligence). Incluant la maltraitance physique, sexuelle, psychologique ou financière, la violation des droits et l'âgisme.

Selected articles look at the various forms of mistreatment (physical, sexual, psychological or financial), as well as the violation of seniors' rights and ageism.

Proches aidants / Caregivers

Les articles signalés ici portent sur les problématiques auxquelles doivent faire face les proches aidants qui accompagnent ou prennent en charge (en tout ou partie) les besoins d'une personne âgée et ce indépendamment de leurs liens familiaux. Ne sont pas retenus ici les articles portant sur les aidants professionnels (rémunérés) ou les bénévoles faisant partie d'une organisation reconnue (ex : Croix Rouge).

Selected articles examine the problems faced by caregivers who provide full or partial care to an older adult, irrespective of family ties. We do not include articles on professional (paid) caregivers or volunteers affiliated with an organization (e.g., the Red Cross).

Soins palliatifs / Palliative Care

Sont signalés ici les articles portant sur les aspects psycho-sociaux liés aux soins palliatifs (Les articles purement bio-médicaux ne sont pas retenus). Aucun milieu n'est exclu, mais une attention particulière est apportée sur les soins à domicile et sur les problématiques liées au deuil.

Selected articles examine the psychosocial aspects of palliative care (purely biomedical articles are excluded). Although we include all care settings in our selection, we pay particular attention to home care and bereavement issues.
