Norma Gilbert is the Coordinator of the Health Promotion and Prevention in Aging team of the CSSS Cavendish and is a research-practitioner for the Center for Research and Expertise in Social Gerontology (CREGÉS). Working in close collaboration with seniors community groups, she develops programs for practitioners and offers training to professionals. As well, she offers health promotion presentations in the community and workshops on stress management and memory to older people, and she runs several support groups for caregivers.

Bill Green is a social worker in home support (SAPA) at CSSS Cavendish. He is presently working as a long-term care placement (PHPE) worker and as the liaison between CSSS and St Mary's Hospital. His work experience includes case management, evaluation, many years of student supervision and participating in research projects.

Bring your lunch, coffee and dessert will be offered.
