MODEL FOR THE MANAGEMENT OF OLDER ADULT MISTREATMENT SITUATIONS

The presentation aims to introduce to the various actors in the health and social services network the model at the heart of the national policy framework to counter the mistreatment of older adults and other adults in vulnerable situations. This model helps to structure efforts to address mistreatment based on five key elements.

This talk is presented as part of World Elder Abuse Awareness Day.

*Presentation in French, bilingual Q&A

WEBINAR OPTION
AVAILABLE
